

## Is there a TIGER in your yard?

Meet

## The Asian Tiger Mosquito

This aggressive mosquito is black with white stripes on its legs and a white stripe down the middle of its head and back. These stripes give it the name “Tiger” Mosquito. This mosquito breeds in any container holding water. Like other mosquitoes we have in Rockland County, these mosquitoes can carry several diseases, including West Nile Virus and dog heartworm. Unlike many of the other mosquitoes we have in Rockland, they bite all day, not just at dusk and dawn!

### Want To Hunt The Tiger?

*How many mosquitoes  
can YOU prevent  
by picking up  
1 garbage bag of litter?*

### Did You Know...?

*According to Rutgers University*

1 bucket will produce over  
700,000 mosquitoes  
in a single summer.

1 tire, over 405,000

1 snack bag, 57,000

1 child's toy could produce  
nearly 1,200,000 mosquitoes!
